ABOUT

The World of Cryptopups are limited edition NFTs where no pup is ever similar to another. Along with these pups are powers and abilities that are unique only to them; each with their own respective stories, traits, and personalities. Imagine having a variety of extraordinary puppies in your hands.. Well this is it!

Founded in 2021, our team dedicated time, effort, and HP to create a functional community of traders, supporters, and members that keeps expanding up to this minute. With collected knowledge from various fields, such as coding, marketing, economics, and visual design, everyone contributed to create what is now a capable and amazing ecosystem that improves and adapts upon need! A journey where everyone can enjoy a lot of adventures and amazing rewards.

The World of Cyptopups always give it their best to actively engage their members in NFT trading and selling. As well as to provide a rewarding yet challenging experience for the members through constant activities and quests that will motivate them to advance in their journey. A beacon of guidance, with unique and astounding ideas that never cease to appeal to the loyal adventurers! This is the World of Cryptopups. This is the adventure that awaits you!

THE MISSION

Our goal is to allow collectors, traders, and supporters to enjoy and immerse themselves in the game with the idea of enjoyment and satisfaction in mind. **One pup at a time.**

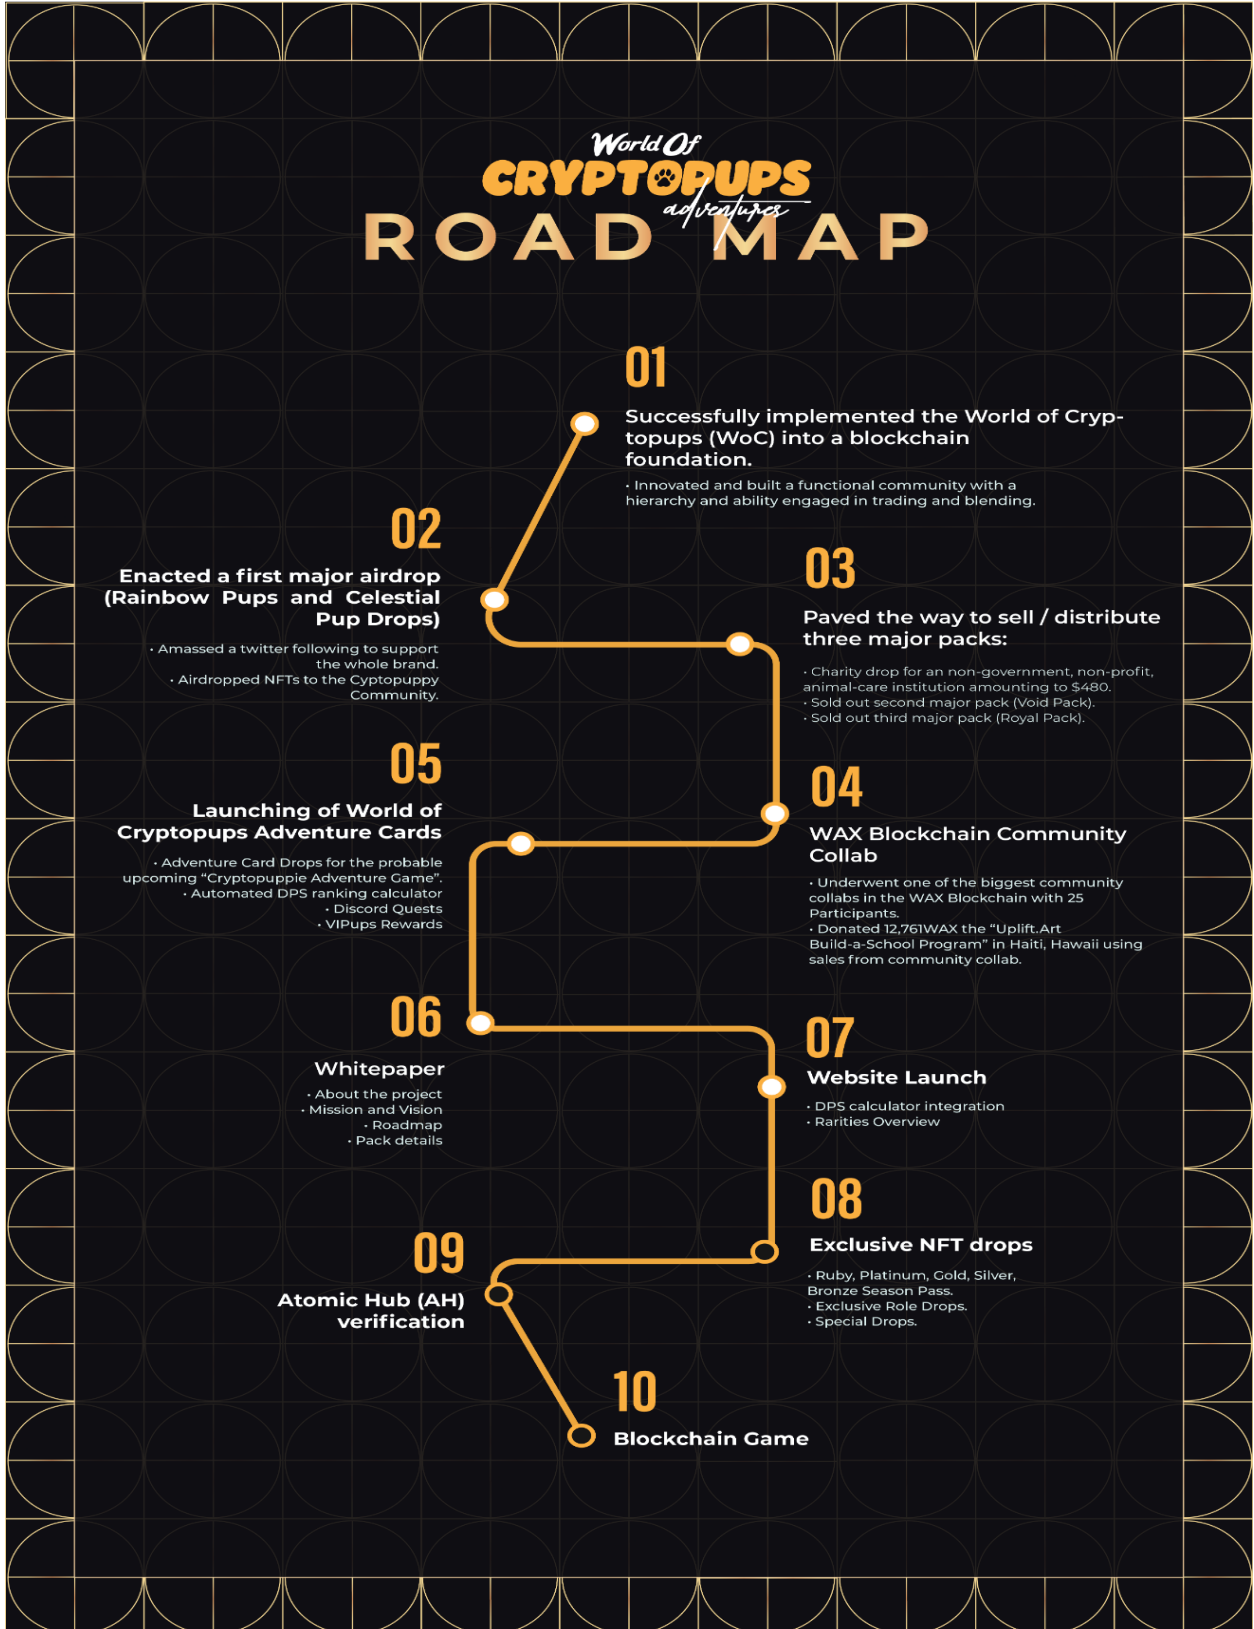

THE VISION

The World of Cytopups aims to be a clicker adventure game with multiple adventures with its own tokens and rewards. Containing various stages detailed in our roadmap which will always follow central ethical guidelines, a place of camaraderie and enjoyment, as well as challenging gameplay available to everyone who dares to enter the amazing world of fearless puppies, dreadful enemies, many dangers, and a whole lot of fun!

THE ROADMAP

As of the 22nd of July 2021, this has been the **Chapters** of our progress:

WHAT'S ON OUR PLATE:

The World of Cryptopups is currently working on creating a "*True DPS Automation*" that would instinctively calculate an adventurer's DPS after an event. This would enable the adventurers to venture through their journey without being conscious of their traded/sold cards. That would be a lot of help, don't ya think? This would also be for the fairness of everyone where these aforementioned "*True DPS*" will be uneditable, motivating the competition!! This is an amazing addition to the current system as it would benefit the adventurers with the convenience of checking DPS automatically instead of starting over again after the acquisition of new cards! So stay tuned for that one!

VOW OF TRANSPARENCY:

With each update to the document, the World of Cryptopuppies will make a lot of effort to remain transparent with all events and steps that we may encounter. This is our vow for this sacred document, and also our vow to the trust that you've given us, our fellow pups!!

THE ONGOING TALE

CH. 1: THE WORLD OF BLOCKCHAIN (MARCH 2021)

The voyage began as the World of Cryptopups took a huge step and was successfully implemented in a blockchain foundation. This allowed the Cryptopuppie NFT to be visible to the world and also enabled it to have a presence, and make its first step in creating a community. A functional community with a systemic hierarchical development and abilities to engage in trading, marketing, and blending. And so, the journey begins...

CH. 2: THE VERY FIRST DROP (APRIL 2021)

These collections became one of the most amazing cards ever to be seen by the naked eye as a lot of the people who followed us on Twitter were wowed by its glamour. This was just amazing! As thanks, The World of Cryptopups did their first drop for the Cryptopuppy Community which still goes on up until now, adventurer!

CH. 3: MORE PACKS! (APRIL 2021 - MAY 2021)

Because of all of the love, support, and all the experience points, The World of Cryptopups released two more packs that were lovely acclaimed by the community: The Void Pack, and the Royal Pack! So much so that both of these packs were sold out upon release! As a gift to the community, the World of Cryptopups became part of a charity drop for a non-government, non-profit, animal-care institution that ultimately resulted in \$480 in total. All because of everyone's support!

CH. 4: THE COLLABORATION (MAY 2021 - JUNE 2021)

After some time, the World of Cryptopups became part of the largest community collabs in the WAX Blockchain with 25 participants (imagine that number!). With the community's combined efforts, MP, Damage, skill, and utmost perseverance, they were able to donate 12,761WAX to the "*Uplift.Art's Build-a-School Program*" in Haiti, Hawaii using the sales from the aforementioned collab. making a mark in the WAX Community!

CH. 5: VERY OWN ADVENTURE CARDS (JULY 17 2021)

It was one sunny afternoon when the pups realized the dream of having a "Cryptopuppie Adventure Game " that everyone would enjoy; and for this probable endeavor, they launched: "The World of Cryptopups Adventure Cards"! These NFTs would become the bedrock of the game. Not only that, but with the devise of their very own Automated DPS Calculator, they are able to cater to the needs of everyone by automatically calculating the DPS of their assets in a one-time instance.! It was the beginning of an adventure, secluded in the dark caves of a Discord server. With Quests, VIPups Rewards, and a whole lot of treasures to find!

CH. 6: LAUNCH IN 3...2...1... (AUGUST 2021)

For those who dared to enter the World of Cryptopups, a website was forged for everyone's convenience. A website with conventional tools and overviews that allowed the community to have a one-stop-shop for packs, more cards, and more pups of strength! Along with the newest weapon, the DPS Calculator! This would allow our adventurers, from new pups to above-all ones to identify their DPS in a quick sec, giving them more time for blending and trading!

CH. 7: THE "DOCUMENT" (AUGUST 2021)

Basically, these cards contain certain points or damage in correlation to their rarity and overall value- mainly called DPS. The amount of an adventurer's DPS allows them to unlock more rooms and more rewards that they could attain. Therefore, giving birth to the WOC levels! Every level could be attained by collecting all the WOC assets of an adventurer and summing up their given DPS into one collective number. The requirements for each category are as follows:
